HIMACHAL PRADESH KAUSHAL VIKAS NIGAM

Directorate of Technical Education Vocational and Industrial Training,
Sundernagar, Mandi, Himachal Pradesh-175019

Expression of Interest (EoI)

For Sector-wise empanelment of eligible Training Service Providers (TSP's) / Program Implementation Agencies (PIA's) to undertake National Skill Qualification Framework (NSQF) aligned Short-Term, Long-Term and Recognition of Prior Learning (RPL) Trainings etc. under various Centrally Sponsored / State Sponsored / Self-Financed Schemes etc. in the State of Himachal Pradesh.

Background

The Government of Himachal Pradesh aims to enhance livelihood and employment opportunities for the state's youth. In furtherance to this goal, Himachal Pradesh Kaushal Vikas Nigam (HPKVN) was established on 14th September, 2015 by the State Government, aimed at consolidating and aligning the state's fragmented Technical and Vocational Education Trainings (TVET) programs, with India's National Skills Qualification Framework (NSQF). To achieve the desired mandate, HPKVN through its various initiatives and interventions have been implementing multiple programmes aimed at skill development and enhancing livelihood opportunities.

The Nigam is set to work as single nodal agency for converging all Skilling related interventions in the state from the funds to be provided by the State/Central Government and other external funding agencies like Asian Development Bank (ADB). In pursuance to this, HPKVN intends to conduct Skill Development trainings with the focus on all National Skill Qualification Framework (NSQF) aligned Sectors.

NSQF aligned sectors represent the most dynamic and vital occupations and industries in our contemporary world and are further in sync with the ever-increasing aspirations of the Himachali youth along-with the emerging industry requirements. Recognizing the significant role these sectors and time to time requirements/demand of the agencies, HPKVN proposes that focuses on Skill Development through all the emerging sectors.

The above-mentioned sectors are marked by rapid technological advancements, changing consumer preferences and evolving business models. These sectors continually require a workforce equipped with the latest technical skills, adaptability, and customer service excellence. This rationale outlines the critical reasons behind the need for this special project and the potential impact it can have on individual career prospects, industry growth and overall economic development of the youth of Himachal Pradesh.

HPKVN is Nodal Agency for implementing the Skill Development Project. HPKVN has also been mandated to implement the Asian Development Bank (ADB) assisted / funded Himachal Pradesh Skill Development Project (HPSDP). HPKVN is mandated to act as harmonizer for this programme and converge all activities of skill development being carried out by various implementing agencies and line departments of the State.

Himachal Pradesh Kaushal Vikas Nigam (HPKVN) has been allocated targets under various State Sponsored and Centrally Sponsored Schemes such as Pradhan Mantri Kaushal Vikas Yojana (PMKVY 4.0) of Ministry of Skill Development & Entrepreneurship (MSDE), Government of India, Raising and Accelerating MSME Programme (RAMP) Scheme of Department of Industries, Himachal Pradesh funded by World Bank and many more.

Objectives

Some of the potential project objectives for skilling, up-skilling, re-skilling programme and its anticipated potential impact on the local communities would be:

- 1) Enhancing the employability prospects of participants by providing them with specific skills and knowledge relevant to current job market and industry demands.
- 2) Improve the stakeholders/participants' proficiency in targeted skills identified as essential for their chosen industries or sectors.
- 3) Facilitating job placement opportunities for a certain percentage of program participants within a specified timeframe.
- 4) Entrepreneurship Development: Equip participants with the skills and knowledge necessary to start and manage their own businesses or entrepreneurial ventures.
- 5) Enhancing Digital Literacy among participants and enabling them to use technology for communication, information access and online collaboration.
- 6) Contribute to an increase in participants' income levels by providing them with skills that lead to better-paying job opportunities or entrepreneurial success.
- 7) Promote gender inclusivity by ensuring equal participation and benefits for both men and women in the skilling/up-skilling program.
- 8) Empower individuals within the community to take an active role in their own development, fostering a sense of ownership and sustainability.
- 9) Certification and Recognition i.e. providing participants with recognized certifications upon program completion, increasing their credibility in the job market.
- 10) Special focus on priority enrolment of females, single women, SC's, ST's, BPL's, OBC's, People with special abilities and other marginalised sections of the society
